On the lines above, please use one for each date/time that you will be requesting the use of the auditorium, i.e., if you are planning on double use on one date, use two lines, for each time of that particular event. Extensive setup and/or take-down considerations may increase the time invoiced for the event. If any members of your organization remain in the building during the interim between performances, requiring the crew or manager to remain, this time may also be charged to you. The Auditorium Manager and the crew may be compensated one-half hour prior to the arrival to the event, and one-half hour after the event, if extensive setup and as security checks may be involved. Caution your participants not to arrive too early as it may inhibit the setups of the area, and may result in an additional charge for earlier time. Please initial upon reading _____

Additional Technical Information/Consideration(s)

Scenic Needs: Please consider the available door entry to the shop, the shop storage space, the flying capabilities, and the wing space, when you are planning on your scenery; in addition, the amount of time for both setup and removal of the scenery at the close of the production. Any materials left behind will be disposed of and will be charged to a second event invoice, if needed. If you will be renting drops to use, check with the height of the fly system to see if they will fly out of sight before renting the drop. Additional "trip-flying" may result in the loss of time for the rigging, both prior to the rehearsal/performance, and during the performance.

Guide to Personnel Needs

Events using only the stage apron, general lighting and one microphone will usually require one crew person. Those utilizing the full stage, curtains, light changes and cues, will require up to two or more members of the crew, assigned to the areas that they are strong in. This is inclusive of use of a spot - as it is nearly impossible to run sound, lights and a spot with two crew members in the booth, thus, you would need three. Please provide a copy of the script or announcements (or an outline for multiple-event activities) for each member of the crew.

We reserve the right to bill your group for damage or unusual messiness. If the Auditorium Manager finds that your group is not adequately supervise, personnel may be assigned at your expense. The Band and Drama rooms must have adult supervision at all times when in use; in addition, they may not be available for all rentals. We encourage the use of the cafeteria as a holding area for some dance recitals.

Important Note: This is to advise you that all tenants, lessees or any other parties using the facilities of the Huron School District are not covered for any liability by the School District. The licensee agrees to save and hold harmless the Huron School District and agrees to assume responsibility for all liabilities arising incident to the occupancy of said building use, it being understood and agreed that Huron School District assumes no obligation respecting the use of such premises. Complete the "Hold Harmless and Use Agreement" and return it along with your deposit for the rental event.

The Huron Civic Auditorium contains 796 seats. The Huron Township Department of Safety does not allow the placement of chairs in any areas that are not already designated as "seating areas", including along the back behind Row P, usually held for those needing assistance, and at the ends of the first rows in each of the annexes.

*ASBESTOS NOTIFICATION: A management plan identifying the location of asbestos containing building material for each school is located in that School Office, and the District's entire plan is located in the Superintendent's office. These plans are available for public and staff inspection during regular office hours. Copies will be made available to the public at a nominal fee. If you have any questions regarding the Huron School District asbestos management plan, please call 734-782-2441.
